

How to use TRIOS

1. Outline

TRIOS of University of Tsukuba can navigate you to the researchers' information of University of Tsukuba. To access TRIOS, please use the following URL:

<https://trios.tsukuba.ac.jp/>

A following front page will be shown.

This menu has the following functions:

- 1) Basic search
- 2) Change language
- 3) Displaying a list grouped by researcher's affiliation
- 4) Displaying a list grouped by research field
- 5) Moving to the Advanced Search menu
- 6) To show a manual
- 7) To show a contact number list

2. Search Researchers

Researchers at University of Tsukuba can easily be searched by putting words into “Researchers Search” box at the top right of a window, and the click “search” button.

Words from “first name,” “family name,” pen-name, affiliation, research fields, keywords of the research, and research projects name are used for searching as middle-match. Words are interpreted as “AND” condition.

To read detailed information please click a researcher’s name. This list can be sorted by “name,” “affiliation,” and “title”.

3. List by affiliations

“List of affiliations” shows a list of affiliation. To show all researchers belonging to its group, please click the name of affiliation. “University of Tsukuba” includes researchers not belonging to any groups.

4. List by research fields

“List by research fields” shows a list of research fields which is derived from Categories, Areas, Disciplines and Research Fields in Grants-in-Aid for Scientific Research FY2013 List. To view lower level, please click the name of research field. At the bottom level, all researchers in the area can be listed.

The screenshot shows the 'Researchers Informa' page of the University of Tsukuba. On the left, there is a navigation menu with 'List by research fields' selected. The main content area displays a list of research fields under the heading 'List by research fields'. A sub-menu for 'Informatics' is expanded, showing a hierarchical list of sub-fields: Principles of Informatics, Human informatics, and Frontiers of informatics. The 'Frontiers of informatics' sub-field is further expanded to show: Life / Health / Medical informatics, Web informatics, Service informatics, Library and information science/ Humanistic social informatics, Learning support system, and Entertainment and game informatics.

5. Advanced Search

At “Advanced Search” menu, please specify search conditions from the following list, and click “Search” button below.

- Name ...Specify researcher’s name by free term
- Official title ...Select from a list of job title.
- Affiliation ...Select from a list of affiliation.
- Academic societies ...Specify academic societies’ name by free term.
- Research keywords ...Specify words related to research fields and keywords by free term.

Words are used for searching as middle-match. Words are interpreted as “AND” condition. To initialize this window, please click “Reset” button.

The screenshot shows the 'Advanced search' form on the University of Tsukuba Researchers Information page. The form includes input fields for 'Name', 'Official title', 'Affiliation', and 'Academic societies', and a text area for 'Research keywords'. There are 'Search' and 'Reset' buttons. The page also features a search bar at the top right and a language dropdown menu.

6. Individual researcher's information
